Summer Fair - only 2 weeks to go!
We are getting ready for our fair which is only two weeks away now. Keep taking posters and flyers from the office and playground to share with family, friends and neighbours. Keep bringing in your unwanted (good condition) toys and children’s books - leave them by the playground cabin. We are still looking for more parents and carers to get involved, however much time you have.

Unite and Play!
Parents met with school councillors to decide a theme for our summer fair. In the light of this being the first time we have had our new all-weather community pitch at a summer fair, they have created the theme 'Unite and Play!' Children will be encouraged to wear something to reflect this and stalls may incorporate it in different ways. This will be explained to children in assemblies.

Bake Off
On the back of this newsletter children are being invited to take part in the Heathbrook Bake Off 2019 and Reshmi Bennett, award-winning cake designer who has appeared on Bake Off: The Professionals, will be one of our judges!

Bring a Bottle Day
When children bring a bottle next Friday (21st) for the tombola at our Summer Fair, school councillors have decided that they can wear an accessory relating to the Women’s World Cup over their school uniform (eg hat, scarf). Bottles can be alcoholic (if brought by an adult) or non-alcoholic, any shape or size.

Coffee and Craft Mornings
Thanks to everyone who was able to come to our first ‘coffee and crafts' morning ahead of the fair. The bunting is now up and the PTA shed has had a great tidy. Further sessions are next Friday (21st) and Thursday 27th - everyone welcome.

PTA Gardening Together
This half term’s gardening together session is on Saturday (15th) from 9.30am to 12.30pm. Come and plant out flowers from the greenhouse and start sowing winter crops! Refreshments for children and adults will be served. Invite someone new if you’ve been before.

Curriculum Information Session reminder
Want to improve your child’s motivation, concentration levels, cooperation skills self-control and academic achievement? Come and find out about amazing new research that has identified a simple, free and easily accessible resource! This term’s Curriculum Information Session for all families is on Wednesday (19th) at 8am, 3.30 and 5.30pm.
