*** Curriculum Information Session on Wednesday (6th) ***
What is maths ‘mastery’? Why are we doing it?
How can you support your child to develop mathematical skills at home?
Find out at this term’s Curriculum Information Session for all families on Wednesday (6th) at 8am, 3.20pm and 5.30pm.

School Garden Award Winners
Just before half term we again won an award for our school garden at the annual Blooming Lambeth ceremony in the Town Hall. Read on our website about how we have designed our own Natural Thinkers curriculum to reconnect urban children with nature, empowering them to adopt happier, healthier and more sustainable lives.

Remembrance Day
The school council community sub-committee has decided that everyone will be invited to buy poppies on the front gate next week. Poppies are a symbol of remembrance for people who died in wars. They will also help plan an assembly for Years 3, 4, 5 & 6 which will take place at 11am on Monday 11th November.

PTA Coffee Morning
Our next regular coffee morning for parents and carers is next Thursday (8th). Come along and find out about plans for our PTA Winter Fair later this term.

PTA Gardening Together
Come and help in our wildlife garden next Saturday (9th) from 9.30 to 12.30. There are all sorts of autumn jobs which will ensure that the garden continues to flourish even during the winter. Children need to be supervised and stay in the wildlife garden. Refreshments are provided including toasted marshmallows!

Lost Property
At the end of each half term, any lost property in school is gathered by the cabin in the playground. It stays there for the first two weeks of this (next) half term, after which it will be added to the PTA second-hand sale or donated to charity.

New Staff Emails
Please note that staff now have new emails which use the @heathbrook.org domain name. Emails will forward from the old addresses for the time being, however please start using the new addresses in yellow year group leaflets.

Be the Best you can Be!
The Be the Best you can Be! value we are focusing on this half term is Respect. Assemblies and class activities will support learning. Encourage children to talk about this value at home, especially in terms of how it makes us and others feel.
