Welcome Back!
We hope you had a restful and enjoyable break.

This Half Term’s Learning
Letters about next week’s Year Group Curriculum Meetings along with this half term’s information leaflets (which are also posted on Class Updates webpages) have been sent home. This half term’s overview was shared at the end of term.

Parent Teacher Meetings
Letters have been sent out about Parent Partnership Meetings taking place the week beginning Monday 20th. Please return appointment slips promptly. They will focus on next steps highlighted in the autumn term progress updates. Children are encouraged to attend to enhance their responsibility for learning.

Relationship, Sex and Health Education Information Session
In the light of government changes to the national curriculum, we are holding a session for parents and carers about what children will be taught. Next Friday (17th) at 3.30pm, Janis Marsh, Lambeth’s Personal, Social & Health Education Coordinator will provide more details in the Nightingale classroom. It will take about an hour and activities for children will be provided in an adjacent room.

PTA Coffee Morning
Our first coffee morning of the term is next Thursday (16th). Come along and meet other parents and carers in the lower hall.

Even More Music
Following the overwhelming request for Year 2 pupils to learn the ukulele, Savi Bale started lessons with the whole cohort this week! (Follow the link to a photo.)

Be the Best you can Be!
Our learning focus in Be the Best you can Be! for this half term is Responsibility. Assemblies and class activities will explore how to develop an ownership of what and how you learn, how controlling our actions can improve outcomes and the importance of teamwork. You can support children at home by talking about this.

Asthma, constipation or eczema support
NHS Children’s and Young People’s Health Partnership are now offering more support for families of children with asthma, constipation or eczema. Please read their letter for more details and sign up at www.cyphp.org/health-check

Christmas Tree Bases
Please keep adding to the pile of Christmas tree bases by the main gate for use in our pizza oven and for other outdoor learning activities.
