(Remaining) Ofsted Report Parent Forums
Thank you for all the positive feedback from our Ofsted Report Parent Forums so far this week. One parent described it as ‘very helpful’. The last forums are today at 5pm and tomorrow (28th) at 9am.

COVID-19 (Coronavirus)
We continue to follow the latest advice from Public Health England and the current situation for schools extremely closely. Please follow the link on your emailed copy of this newsletter to read it too. Staff are reminding children to follow NHS guidelines for preventing the spread of all viruses, including the importance of tissues to ‘Catch it, Bin it, Kill it’ and washing hands regularly. You can support your child by reinforcing these important strategies at home.

World Book Day - next Thursday (5th March)
This year, pupils will be given the opportunity to fire up their imaginations and recreate a favourite story character using a potato. Pupils may wish to bring in the book containing their chosen character to share. If you have any unused materials at home such as pipe cleaners, googly eyes, paper straws and wool help with the decoration, please bring them in for your child's classteacher. (Children can also dress up as a favourite story character if they wish.)

PTA Coffee Morning
At next Thursday’s (5th March) coffee morning, Lara Gibson from Lambeth Community Early Help will come and talk about ways families can get extra support for a range of concerns when they need it. The office also has leaflets.

Snow
Please be aware that we may have to close the school if there is a lot of snow. If it snows during the night, we will make a decision as early as possible. We will only post a message in red on our website homepage if school needs to close (for this or any other unexpected reason). Please note that we will make every effort to remain open, however health and safety reasons will take precedence.

Spring Break Futsal Camp
There was lots of positive feedback from pupils who attended the half term Futsal Camp benefitting from our all-weather pitch. Futsal Elite will run another camp during the spring break; details will be available from the office soon.

Pots and Containers
We are always looking for more plant pots and containers of any size for children to use as part of their outdoor learning. Please leave them in the front lobby.
